MEMORANDUM

TO: Participants in November 15 Meeting on COSPAR
FROM: J. Orlen, Secretary, Committee on International Relations

Attached for your review is a summary of the discussion,
and a summary of all the specific experiments suggested.

This document will form the basis for a recommendation to
the Space Science Board seeking approval of proposals Dr. Porter
will make to COSPAR for the April meeting in Florence.

Since the SSB meeting is scheduled for February 10--11,
I would appreciate your comments on the attached document by phone
as soon as possible. Phone collect, Washington, D. C., EX 3-8100,
Extension 478.
